

BEAU AVEC EGF ASTA LOTION 120ml (4.05 fl oz.)

PART OF BEAU AVEC EGF ASTA ANTI-AGING SKIN CARE LINE

BY AFC JAPAN

QUALITY YOU CAN TRUST

EGF ASTA lotion is a high quality, efficient and pleasant smelling product which should be applied after cleaning your face with Beau Avec soap. It softens and moisturizes the skin in preparation for further treatment. This gentle facial lotion helps to remove the last traces of impurities and accelerates the process of micro-exfoliation, which results in naturally glowing skin. EGF complex contained in this product supports the repair and regeneration of the skin.

This lotion utilizes the properties of moisture locking ingredients:

- Hyaluronic Acid
- Collagen
- Sodium PCS

Well moisture skin is essential for effectiveness of further skin care treatment. EGF ASTA lotion is perfect for this role and meets the requirements even the most sensitive skin.

Fine lines and wrinkles are signs of aging process. With aging, the skin weakens and its ability to regenerate on its own is reduced. Additional factors like sunlight or unhealthy lifestyles can accelerate aging process. Gradual loss of skin elasticity becomes evident in appearance of fine lines and deep wrinkles.

Epidermal Growth Factor (EGF), the key ingredient in this lotion, is made of 53 amino acids which promote skin regeneration. It has clinically proven cell growth properties and facilitates dead skin replacement. EGF is naturally produced by our body, but its production decreases with age. The tests with EGF have shown that it can support cell growth at the rate of 284% after 60 days of continued usage. It is effective on mature and resistant skin and brings a smooth and radiant looking skin. EGF was discovered in 1986 by Dr. Stanley Cohen, who was awarded the Nobel Prize for his work on this ingredient.

KEY ANTI-AGING INGREDIENTS:

Malus Domestica Fruit Cell Culture Extract (Apple fruit cell extract)

It nourishes the stem cells present in human skin and has anti-aging effect that helps the skin to regenerate. Fruit cell extract is obtained by using a unique technology to cultivate the stem cells of certified and protected rare Swiss apple tree species “Uttwiler Spatlauber”. The extract is converted into liposomes. It is scientifically proven to protect skin against UV radiation, slowing aging process, protects skin against oxidative stress and ensures youthful looking skin and its vitality. Fruit cell extract serves as a powerful skin conditioner leading to a softer, smoother and stronger skin. It is also rich in antioxidants that fight free radicals and prevent them from forming fine line and wrinkles on your skin.

Fullerene (Radical Sponge)

It possesses powerful antioxidant properties. It is known to be 172 times more powerful than Vitamin C, which is considered to be one of the top antioxidants. Fullerene is very effective against many active oxidants that damage the skin and has the ability to absorb the harmful effects of UV radiation, sweat and oxidized sebum.

Yuzu extract

It boosts the production of collagen and subsequently firms the skin. It helps to reduce fine lines and wrinkles, and brightens the skin. It is also known for its exfoliant properties.

EGF (human oligopeptide-1)

Epidermal Growth Factor (EGF) is responsible for the renewal of epithelial cells and reduction of fine lines and wrinkles. EGF helps to maintain skin's natural strength and promotes the renewal of skin's cells.

Astaxanthin

It is a type of carotenoid (naturally occurring pigment), which has a powerful anti-oxidant and anti-aging properties that benefit eye and skin health. It has a characteristic red color and can be sourced from algae (*Haematococcus pluvialis*), shrimp, krill or salmon. Clinical studies suggest that it may have a free radical fighting capacity worth up to 500 times more than that of Vitamin E. This carotenoid can also help protect the skin from UV damage.

Cherry Leaf Extract

It is a very potent antioxidant and protects the skin against harming environmental factors. Rich in Vitamin C and prevents skin dryness. Cherry blossom extract shows good anti-inflammatory effect in vitro and in vivo and represents a promising functional ingredient in soothing skincare products by reducing skin inflammation. (1)

Panax Ginseng Root Extract

It promotes skin cellular repair and supports hydration. Can help with uneven skin tone and provides visible improvements in wrinkles by supporting skin's natural firmness.

Rehmannia Root Extract

Rehmannia is a herb native to Asia and a staple in Oriental herbal medicine. The root contains more than 70 active compounds which support a healthy looking skin.

INGREDIENTS:

WATER
BUTYLENE GLYCOL
SODIUM PCA
GLYCERIN
DIGLYCERIN
ASTAXANTHIN
PALMITOYL TRIPEPTIDE
RH-OLIGOPEPTIDE-1

LECITHIN
HAEMATOCOCCUS PLUVIALIS EXTRACT
CYCLODEXTRIN
CAPRYLIC/CAPRIC TRIGLYCERIDE
SODIUM HYALURONATE
FULLERENES
DIPOTASSIUM GLYCYRRHIZATE
MALUS DOMESTICA FRUIT CELL CULTURE EXTRACT
ROYAL JELLY EXTRACT
REHMANNIA CHINENSIS ROOT EXTRACT
CITRUS JUNOS FRUIT EXTRACT
PRUNUS YEDOENSIS LEAF EXTRACT
PANAX GINSENG ROOT EXTRACT
HYDROGENATED LECITHIN
CHOLESTEROL
SODIUM COCOYL SARCOSINATE
TOCOPHEROL
XANTHAN GUM
CITRIC ACID
SODIUM CITRATE
PVP
PEG-60 HYDROGENATED CASTOR OIL
ALCOHOL
PHENOXYETHANOL
METHYLPARABEN
FRAGRANCE

HOW TO USE

Pour a small amount on your palm (equivalent of a small coin = 25 cents = 2-4 ml). Apply to clean and dry face with light tapping motions. You can also use a cotton pad, soak it in lotion and gently wipe your face and neck. Follow by treatment with Beau Avec essence and cream.

Use EGF ASTA Lotion as **STEP 2** in The Beau Avec anti-aging skin care regime:

STEP 1 CLEANSE -- EGF ASTA Soap

STEP 2 SOFTEN – EGF ASTA Lotion

STEP 3 REPAIR – EGF ASTA Essence

STEP 4 TIGHTEN – EGF ASTA Cream

CAUTIONS:

Avoid contact with eyes, rinse immediately. Do not use if you have skin problems. Discontinue using if signs of irritation or rash appear. In case of complications, please contact your physician. For external use only.

STORAGE:

Store at room temperature. Avoid direct sunlight, extreme temperatures, high humidity and moisture.

Keep out of reach of children
